

17th April 2018

Dear Parent/Carer,

Re: Block 2 Block Project

We are delighted your child is now a part of the Block 2 Block project and we hope they enjoyed their first after- school session this week. Please remember the club will finish at 4.15pm each Tuesday.

In addition to our after school club, a research day has been organised for the participating students to allow them to spend time researching the history of New Milton ready for putting into the online museum.

The trip will be on Friday 27th April leaving school at 9:00am and returning at 4:00pm. We will be visiting St Barbe Museum in Lymington in the morning followed by The Red House Museum in Christchurch in the afternoon. The coach and museum entry fees will be provided by the Hampshire Cultural Trust therefore the children just need to bring their lunch with them on the day.

Please confirm that you are happy for your child to attend this research day by completing the permission slip below and the attached medical form and return them to me.

If your child has a medical condition/disability please ensure that your child is not travelling on this school trip against your doctor's advice.

Yours faithfully,

Mr M Gough
Senior Teacher
