

9th February 2018

Dear Parent/Carer

Re: Geography Fieldwork

As an essential part of your son/daughter’s AS Geography syllabus, we have to introduce students to particular fieldwork techniques. To complete this aspect of the course we have organised 2 fieldtrip days.

These will take place on Thursday 1st March 2018, where students will be carrying out an urban study of Southampton, and Monday 5th March, studying coastal processes at Hengistbury Head and Studland Beach.

Transport will be by mini-bus. Students will be supervised at all times by members of the teaching staff. Students will be required to bring a clipboard (if they have one), pen and pencil, appropriate footwear and waterproof jacket.

If your child has a medical condition/disability please ensure that your child is not participating in this activity against your doctor’s advice.

Please complete the medical form enclosed with this letter and return it with the reply slip if you wish your child to participate in this visit.

If you have any questions regarding the visit, please do not hesitate to contact me at school.

Yours faithfully

**Mrs H Sallows and Miss A Gardiner
Teachers of Geography**
