Dear Parent/Carer,

**Re: BTEC Level 3 Revision Guide**

As part of the BTEC Level 3 Extended Certificate/Diploma in Sport course we have encouraged the students purchase the exam approved revision guide from Pearson Education. The revision guide covers the course content for both externally examined units studied this year:

***Unit 1           Anatomy and Physiology***  
***Unit 2           Training & Fitness for Sport and Exercise.***

The guides are well laid out, covering the unit content in ‘bite size’ chunks with concise and up to date information. This allows students to approach their revision in manageable sections. Furthermore, an array of good questioning allows students to reflect on the topics studied and answer questions that directly relate to their exam tasks. The guide also gives a comprehensive strategy on how to approach the exam question to how to gain best marks.

Students have already commented on how useful the guides have proved and are positive about the opportunity to purchase their own copy. Therefore, we have ordered the revision guides in bulk to benefit from our school discount and are passing these on to students for the same price of £10.

We are suggesting that all students take up this offer to purchase their own copy of the revision guide. Therefore, if you would like a copy you can bring in either cash or a cheque made payable to The Arnewood School and take directly to our Finance Office.

Yours faithfully,

**Mr S Smailes**  
**BTEC Coordinator**
