Dear Parent/Carer

Re: Tassomai Science Subscription

Well-planned preparation at home is a key to success. It can often be difficult, however, to know how to best support this as a parent. Revision should be frequent, active, and motivating.

We are therefore delighted to be able to offer your child the opportunity to subscribe to Tassomai, an online intelligent learning programme that students work through at home from their computer, tablet or smart phone. Tassomai has been shown to help students achieve outstanding results. It uses multiple choice style micro-quizzes to build your child's knowledge, boost their confidence and very importantly, reduce exam stress. Content is broken down into bite-sized chunks and tailored to your child's learning by an algorithm, which works out what students know and where they need to focus their efforts.

Across the country, 90% of students who used Tassomai regularly achieved a grade C or above in 2017 and 50% achieved an A-A*. More details can be found at <https://www.tassomai.com>.

Tassomai are so confident of the impact on students grades, they give a grade guarantee. The grade guarantee for schools is that any student that completes 80% by the time of the exam is guaranteed a grade 5-9 or their money back.

If you would like to purchase a Tassomai subscription please complete and return the reply slip, along with cash or a cheque made payable to The Arnewood School. This needs to be handed in to the Finance Office.

Yours sincerely

Mr Peter Grant
Head of Science
