

3rd June 2019

Dear Parent/Carer,

Re: Year 7 Examinations

I am writing to give you more information about the forthcoming Year 7 examinations which will take place in the week beginning 10th June. Your child will sit examinations in most of their subjects.

These examinations will be formal in nature and will take place during their usual lesson times. All other lessons will continue as normal, as per your child's usual timetable. Examinations will take approximately 45 minutes per subject. Students will be given additional information by their subject teachers as to the specific nature of each examination. The Year 7 Tutor Team have also been working on revision strategies and study techniques during tutor time.

I appreciate that these are the first formal examinations your son or daughter will have taken at Arnewood and may cause some anxiety. Please be assured that teachers and tutors will work to ensure that students are as well-prepared as possible. Please encourage your child to adopt good study habits at home during this period.

Should you have any further questions about the examinations please contact me or Mrs Snowdon.

Yours faithfully

Miss H Vincent
Head of Year 7
