Dear Parent/Carer

Re: Education for Children of Key Workers without Childcare

Thank you for contacting the school to identify you would like continued schooling for your child as you or a family member is employed as a designated key worker and you are without childcare.

I confirm we shall provide continued teaching in school for your son/daughter from Monday 23rd March between 8.20 a.m. and 3 p.m. Students should attend school in uniform, ready to learn. We shall be teaching English, maths and science, plus various creative and practical subjects. With this in mind, students should bring their PE kit. Students will be taught in mixed age groups. Either I, or a member of the school's senior team, will be onsite each day. Qualified drivers may, from time to time, transport children using the school minibus if required.

Children will be registered so you must report daily absence by calling 01425 625400. A daily temperature health and welfare check will be made each morning by a first aider. We will provide a hot meal for students each lunchtime and other refreshments during the course of the day. Hand washing routines will be established.

I am sure our plans will evolve over time and I shall keep you apprised of changes as they happen.

Finally, **thank you** for your services to our community at this challenging time. Your role is important and your commitment certainly not taken for granted.

Yours faithfully

N. M. Pressnell
