Dear Parents and Carers

Re: INSET day – Change of Date

I change the school calendar with great reluctance once published as I am aware so many people rely on it to plan ahead. However, we were unaware when the calendar was written last year that public exams would be cancelled and schools asked to award Centre Assessed Grades based on students' current performance.

For this reason we shall be rescheduling our final school **INSET day to Friday 21st May 2021** to allow teachers dedicated time to moderate assessments for year 11 and sixth form students.

The INSET day scheduled for Monday 28th June is cancelled and students must attend school as normal.

I have been very pleased with the positive attitude students are demonstrating towards school-based assessments this year despite the significant challenges of Covid. Mr Hutson will be writing to exam group parents/carers with a further update shortly.

Yours faithfully

N. M. Pressnell
