10th June 2022

Dear Parent/Carer,

Re: Southampton University – Chemistry Twilight Practical Sessions Wednesday 29th June

On Wednesday the 29th of June we have the opportunity to complete a twilight practical chemistry course at Southampton University. This is a good opportunity for students to develop their practical skills in preparation for year 13. It is also a good opportunity to experience chemistry at a university level.

The trip is running on Wednesday the 29th of June. The trip will be leaving school by minibus at 14:30 and returning back to school at 19:30.

The practical will involve the extraction of trimyristin from nutmeg, in a rewarding experiment that gives students the opportunity to use a range of organic practical and analytical techniques, and experience life in an undergraduate chemistry lab. There are also a large number of demonstrators on hand to assist the students and answer their questions about chemistry and university life.

It is parent's responsibility to keep the school informed of any changes to contact numbers and medical information pertaining to their child. Parents can update via The Parent Portal (accessible on a laptop or computer) and/or Arbor App (mobile version of the Parent Portal). We recommend the use of The Parent Portal/Arbor App to view and update your child's details as it is the quickest and most secure way to keep all your details up to date. If you would like any support with this please contact our IT Helpdesk on 01425 625 431.

Yours faithfully

Mr P Grant
Head of Science
