Dear Parent/Carer

## **Re: Unifrog – The Complete Destinations Platform**

In keeping with our commitment to provide students with outstanding careers guidance and tailored support when choosing their next step after school, we will now be using Unifrog; an award-winning, online careers platform. All students now have access to this excellent website as part of the school's pastoral & curriculum program.

The Unifrog platform is designed to support learners in making the most informed decisions about their futures and has a range of tools that are suitable for all year groups. Each student has their own personal account that provides a wide range of information related to their interests and aspirations. Key features of the platform include:

Exploring Pathways – personality quizzes, career and subject profiles, MOOCs and webinars

Recording – self-reflection about extracurricular activities and key employability skills

Opportunities – search tools showing live vacancies/courses/placements for apprenticeships, universities (in the UK and abroad), FE, virtual work experience and much more

Applications – tools to help students build applications for a range of pathways (e.g., CVs, Personal Statements, Common App Essays)

Students access the platform by logging into Unifrog using their email address and password that they have set up in school and they can do so from any computer, tablet or smartphone. We would encourage you to use the platform with your child so you can support them through the process of deciding their next step. If your child has trouble accessing their Unifrog account, please can you ask them to see their tutor in the first instance.

We have also set up a parent login, so that you can use Unifrog as if you were a student yourself, allowing you to support your child throughout the process. The signup code you need is: ARWOparent and you can sign up here: <https://www.unifrog.org/code>. Here is an [introductory video](#) on how the platform can support your child's next steps.

Yours faithfully
